Organizer: **LC Nis**

Participant: **Lars Guse**

Sponsors: **YUMIS, CHIPS WAY, STATUS, NIŠVILLE, ČAIR (ЧАИР)**

The Jazz do it!-Event is organized every year by the LC Nis during the Jazz festival Nisville. Around 15 people participate in this event. The event started on Tuesday with the arrival of the participants. I was already in Nis, because of an internship. During the first evening started with some Ice breaking games and later a party in a bar. It was a good way to get to know each other, unfortunately not all participants arrived yet. The next day started with an opening ceremony in the university.

During the afternoon we did a city rally and in the evening the international evening was celebrated. Participants from Greece, Poland, Slovenia , Bosnia and Herzegovina, France, Germany (I hope that's all) prepared some special foods and drinks from their home country. It was really impressive and there was a great atmosphere. On the next days the festival started. During the days we did social activities with the LC and during the evening/night we went for party on the festival ground. The music was from local Balkan Jazz to famous international Jazz Bands like Brussels Jazz Orchestra and The Original Blues Brothers Band. On the last evening there was a farewell party in a traditional bar (kafana) and on the next day all participants left to their home. All in all it was my best week in Serbia, thanks to the LC Nis. I meet a lot of new friends from all over Europe and I want to re-meet them in Slovenia for IMW in October.
